

CUSTOM LOGO PROGRAMME

2016

Wilson Staff

THE PROCESS

Our state-of-the-art graphics facility will deliver true and impactful reproduction of your logo, whether printed or embroidered.

TECHNICAL REQUIREMENTS

The preferred logo file would be a fully vectorised/editable image with all fonts outlined (editable EPS/PDF). Alternatively a high resolution copy of your logo (TIFF/JPEG) file can be used for a redraw of the logo to be produced, also acceptable for redraw purposes would be a good quality flat paper artwork in the form of letterheads, business cards or scorecards.

ELECTRONIC FILES

Wilson Custom Imaging uses state-of-the-art digital imaging systems to create and manipulate electronic art files. It operates a variety of file formats from the PC/Windows platforms.

FOR BEST RESULTS, FOLLOW THESE GUIDELINES

Send complete files including all placed images and fonts.
Send a hard copy of what the finished art should look like.

PROGRAMS SUPPORTED

Adobe Photoshop, Illustrator and Acrobat.

FILE FORMATS ACCEPTED

EPS or PDF (preferred); TIFF, JPEG

REMOVABLE MEDIA

CD-ROM, ZIP

Once your artwork is drawn, we will send an e-mail PDF version of your logo, along with an actual size version of your logo. If you do not have access to e-mail, we are able to fax a copy to you.
